

Welcome March!

Thank you to all for the wonderful month of February. We had some many great activities and a not so chilly month too!

But now we hope to see the first signs of spring as our wintry weather turns the corner and spring like weather starts to settle in. As the days start to warm up our students will be going outside for recess and some sunshine!

On March 1st main office staff and classroom visitors will be reading books to our students as we celebrate Dr. Seuss Day. A big thank you to all for celebrating the day with us. Our classes also celebrate this with a week of themed related activities based on Dr. Seuss books.

March is also the month for St. Patrick's Day as many of our classes will celebrate the day with green and perhaps a visit from a leprechaun too!

Have a wonderful March!

Mrs. Coyne
