Target Audience	Topic	Workshop Description	IS Room #	Session #
All Parents	Twitter	This workshop will serve as an introduction to Twitter for any parent/guardian who has interest in utilizing the educational benefits of Twitter.	210	1
All Parents	Nursing Topics	Parents will learn to identify causes, symptoms and methods of prevention for the flu and colds.	201	1 & 3
All Parents	Accessing Think Central	This workshop will show how to navigate the ThinkCentral website to allow parents to better help their child in the GoMath program. Parents will learn how to access videos, tutorials and quizzes.	206	1
All Parents	Mindfulness /Yoga	Parents will learn various yoga and mindfulness techniques.	Makerspace	1
All Parents	Writing	This workshop will help parents see the value in helping their child with writing. Tips will be offered on various writing goals.	207	1
All Parents	Art Mosaic	This workshop offers parents the opportunity to work together to create one large glass mosaic window mural for our district. Each participant will learn how to score and cut decorative glass, and then how to adhere their pieces to the group project window using mosaic techniques. The end goal is to create one image of a tall, colorful tree that reads "Families are the root of our community" to place proudly on display.	218	1
ESL Parents	ESL Parent Meeting	This meeting will provide valuable information regarding our ESL program, reading program, parent portal, and home communication.	204	1 & 4
All Parents	Increasing Independence	This presentation will introduce parents of children with special needs to strategies on how to teach their child adaptive life skills such as self-care, chores, time management, and self-direction.	211	2
All Parents	Google Classroom & Google Expedition	This workshop will help parents navigate Google Classroom and Google Expedition. They will have a better understanding of how teachers and students are communicating through this technology.	90	2

All Parents	Mindfulness	This workshop will introduce parents to some of the different ways we share mindfulness with their students. We will practice mindful breathing, mindful listening and mindful eating.	95	2
Parents of students in grades 3-6	Engineering Process	After using the Engineering Design Process to create simple projects like whirlybirds or catapults, parents will discuss how to use the process to solve age-appropriate, real-life problems like organizing a bedroom, establishing a homework schedule, or managing sibling rivalry.	89	2
All Parents	Kahoot, Flipgrid, Flocabulary	This presentation will give an overview of the different online programs available to the students to enhance learning and promote student voice. Parents will get an opportunity to see the programs in action and if time allows participate as a student!~	216	2
All Parents	Project Team	This workshop will introduce parents to the concepts taught through Project TEAM. Tips for how they can use the TEAM Approach at home to instill social emotional skills and life skills for future success in their children, will be discussed.	215	2
Parents of students K-2	Reading Strategies	A make and take session where parents can create tools and games to use at home with their fragile reader.	210	3
All Parents	Nutritional Education	This workshop will provide parents with an overview pertaining to nutrition education.	310	3
Parents of students in grades 3-6	Achieve 3000	A presentation of the 5 steps literacy program for in school and at home use, data driven results supporting a higher reading level with use of this program, determining a student's reading level using Achieve3000 for grades 3-6, and ways that Achieve3000 differentiated instruction to meet all reading levels.	209	3
1st and 2nd Grade (and beyond!)	Quaver Music Overview	This presentation will focus on creating accounts for at-home student use, as well as some of the specific applications we will be using on QuaverMusic in the 2nd grade!	96	3
3rd and 4th grade parents	McKinley Makerspace	This presentation will be an overview of what students are learning and creating, as well as, how parents can contribute to continuously build and improve our Makerspace.	Makerspace	3

3rd and 4th grade parents	GoMath	This presentation will help give parents an overview of Common Core/NJSLS math relating its style to traditional methods. Parents will have a chance to learn some basic math strategies to help their children such as bar models and partial products/quotients. Go Math online district resources will also be shared and accessed.	206	3
All Parents	Reading Comprehension	This presentation will give parents the tools and know-how to check for their child's comprehension while reading. We will supply each parent with a set of tools to use at home.	215	4
All Parents	Class Dojo	Parent friendly introduction to ClassDojo and all of its features.	216	4
Parents of students Pre-K through 2nd grade	Fine Motor Practice through Art	This workshop will provide resources for hands-on arts and crafts activities that support the development of fine motor skills.	210	4
All Parents	Adaptive and intervention strategies for use with integrated school technologies	Attendee driven investigations and demonstrations of a variety of adaptive and/or intervention strategies, imbedded tools (e.g. talk-to-text) and vast array of options available within the various technology resources utilized within Stafford schools and beyond. (Including GoMath, Google classroom, Scholastic, Achieve 3000, Reading/Science A-Z, Quizlet, Khan Academy, etc.)	211	4
All Parents	Speech Overview: Importance of Articulation Carryover	This presentation will provide an overview of the scope of practice for Speech Language Therapy within the school setting. The importance of carryover for articulation, as well as activities for home practice will be discussed.	203	4
All Parents	Parent and Student Resources available at the Ocean County Library	This presentation will provide an overview of the free resources available to parents and students at the Stafford Branch of the Ocean County Library.	90	4
Parents of 5-6th graders	Transitioning from Elementary School to Middle	This presentation will provide an overview of the changes, expectations, and tips for parents of children who will be transitioning into Middle School. Come with any questions you may have!	205	4
