**"BUILDING A BETTER WORLD ONE STUDENT AT A TIME"**

March 1, 2022

Dear Parents and Guardians:

I'd like to provide you with an update in regards to voluntary student COVID-19 testing. The district recently submitted a student roster for all K-6 students that have already registered on the parent portal and returned their completed consent forms. Registered parents will be contacted by Longview Testing Service/Broad Institute through an email to enroll their child in voluntary COVID-19 testing. The email will be from [no-reply@crsp-testing.broadinstitute.org](mailto:no-reply@crsp-testing.broadinstitute.org) and will contain a personal link for enrollment with LTS/Broad Institute. If you have not received an email even though you registered with the district, please check your spam or junk folders.

Parents will have the opportunity to take their children in grades K-6 to the STAC to test for COVID-19 instead of relying on take home testing or other COVID-19 testing locations. Students will not be brought to the testing site by school personnel. Only parents bringing their children to the testing site will have the opportunity to have their children tested. Testing for preschoolers is not allowed by Longview Testing Service/Broad Institute.
