**Equitable Access to Technology:**

As a proactive measure, in the event Stafford Township School needed to close to prevent communicable disease transmission, a Technology Accessibility Survey has been disseminated to families to determine the technological needs of our students in order to provide options in the event of a long term school closure. The information provided in this survey will be seen only by Stafford Township School Administration and will not be shared. If parents indicate on the survey that their child does not have access to a dedicated device or Wi-Fi at home, Stafford Township School District will provide availability for parents/guardians to loan a technological device (Chromebook or iPad) and a hot spot.

The district employs a large inventory of Chromebooks that allows for 1:1 accessibility in school at grades K-6. In the event of a school closure, parents/guardians will have the ability to participate in a Chromebook Loaner Program offered by the school district should they not have a device at home for their child to be able to complete schoolwork. In addition, for our Prek-K students, iPads and/or Chromebook were offered. Students who have signed out devices are tracked via Genesis.

The district provided instructional videos on each of the digital platforms that students are required to use - these videos are located on the district webpage. We will leverage the learning platforms and tools that we have available to deliver the most appropriate content under the potential circumstances we may face.

The following sources will also be provided to families without connection that may be of help:

- [Internet Essentials](#)-Comcast's reduced rate (\$9.95/mo) program, currently offering 60 days free for all new customers
- [everyoneon](#) - they offer low cost and affordable internet and affordable computers
- [Lifeline](#) - a government assistance program through Verizon that offers discounts for qualified low-income customers (Lifeline program details & application)
- [Altice Advantage Internet](#) - free til end of school year, \$14.99 a month after June 30 for qualified families

If there is an unforeseen technical issue that prevents students from accessing/completing their assigned work, parents/guardians should notify the teacher and/or building principal and work will be allowed to be completed later.

Throughout Remote Instruction, administrators, Guidance Counselors, and other staff, will work with families that had difficulty with network access, technology devices, and questions. This will be done weekly, in person, by email, phone, or google hangouts.

### **Continued Meal Service Plan**

In the event of a school closure due to a pandemic, the food service department will be directed to make daily meals for each student who qualifies for free or reduced breakfast and/or lunch per the Master Eligibility List (MEL). In the event of closure, meals will be available for pickup at the McKinley Avenue cafeteria for students who qualify for free/reduced lunch on Monday from the hours of 10:00am to 6:00pm.

Those families that are not able to pick up meals, the district will establish plans for food to be delivered to student's homes. All families were notified to call or email Sodexo if they were unable to pick up meals. Sodexo and our staff will create lists of students that needed food delivery and our Safety Officers and Administration delivered meals to family's homes.

The food services department should ensure that once the first week of shelf stable meals is ordered, that an additional order is placed. Should shelf stable pre-packed meals become unavailable, Sodexo Food Service would be asked to propose an alternate shelf stable meal that may be made up of multiple items as opposed to one package.

Sodexo Food Service would be responsible for inputting the daily meals into the point of sale system and maintaining proper edit check reports for each of the days that the meals were appropriated for. This will allow for the meals to be reimbursed through the monthly report submitted to the State via the SNEARS portal.

### **Continued Operations of Facilities**

All buildings will continue to be maintained by building and facilities personnel.

In an effort to augment our commitment to providing a safe and healthy environment for our students, staff and greater school community, the following enhanced cleaning procedures will take effect immediately:

- Increase the frequency of routine interior and exterior touch-point cleaning, including, but not limited to, cafeteria tables, door handles, panic bars, door pulls, doorknobs and counter tops.
- Increase the frequency of routine restroom cleaning of all touch points including, but not limited to, faucets, flushometers, door handles, door pulls, hand dryers and soap & sanitizer dispensers.
- Increase the frequency of extensive classroom cleaning of all touch points including, but not limited to, door handles, doorknobs, pull handles, desktops, tabletops, ledges, windowsills and chairs.
- All touch point cleaning is to be completed utilizing our cleaning solutions.
- Ensure all District buses are cleaned regularly with use of cleaning solutions.

**Virtual or Remote Instruction Day**

**\*In the event the district must have a classroom, school or district switch to remote learning, the following would apply:**

Students will be following a full day school schedule that will exceed the minimum of the required 4 hours of daily instruction. This includes Google Meets, instruction, small group and independent work time. The staff/students will follow the time schedule of their assigned school. Teachers will be available to answer questions during this time.

- Staff will have the option of working from school or from home. Staff that work from home must have adequate internet access otherwise will be required to work from the school building and must have all necessary resources.
- Homeroom teachers will do a group meeting via Google Meet at the start of the student's school day. This must be done daily and attendance must be recorded.
- A classroom whether in the traditional form, or the online form, must be a safe place to foster and engage in open discussions without hostile, discriminatory, or inappropriate comments. Therefore, it is important for all teachers to set ground rules for online discussions. Sample: [Google Meet Expectations](#)
- Teachers will instruct students in reading, writing and mathematics daily. Teachers are encouraged to provide this instruction through synchronous (real-time) lessons.
- Weekly lessons will be done in social studies, science, health and other mandated subjects. Teachers are encouraged to provide this instruction through synchronous (real-time) lessons.
- Teachers will also work to cultivate connections through the use of Google Meets for small groups and/or 1:1 instruction. This is to be done at least 2 times a week for each student.

**Attendance**

- Daily attendance will be completed through the Genesis system.
- Attendance will be checked throughout the day at the building level.
- Parents/guardians will be reminded that attendance matters.
- Teachers, school counselors, nurses, and case managers will also review attendance data daily and contact students who show a drop in performance, multiple absences or experience an increase in anxiety/depression due to the remote setting.
- In specific cases, the administration will ask the School Safety Officers and Stafford Police Department to do a wellness check.
- Student attendance during remote learning and its impact on promotion and retention, will be examined on a case-by-case basis and a course of action determined

**Special Education and Related Services for Students with Disabilities****Delivery of Remote Instruction for Special Education Students**

- The District is in receipt of all health-related school virtual or remote instruction plans from all out-of-District placements.
- The District will communicate with out-of-district schools via teleconferencing, email, and virtual meetings (Google Meet, for logistics and annual reviews or any other IEP meetings. All special education students can access the curriculum online.
- Instruction will be differentiated to meet the needs of all students (ESL/ELL, Special Education/504, At-Risk, On Grade Level, Gifted and Talented). Instruction should be tailored to the student's individual needs in a most appropriate method for remote learning. Appropriate accommodations and modifications will be made for students based on their IEP and individual needs in all classes.
- Remote learning schedules will include staff "virtual office hours" to be more available to students, as well as increasing communication with students through online platforms, such as Google Meet and Google Classroom.
- The content of assignments will be modified per the specifications in Individualized Education Plans, to the greatest extent possible.
- If any modifications and/or accommodations cannot be delivered as a result of the virtual or remote instruction, compensatory service will be provided upon the reopening of the school.
- Students considered medically fragile will remain on direct instruction homebound with a certified teacher. The teacher will be required to maintain a homebound instruction log. General education students will receive a minimum of five hours per week. Special education students will receive a minimum of ten hours per week.

**Related Services and Tracking of Related Services and Student Progress**

- All related services will be consistent with student IEPs to the most appropriate extent possible
- Speech, counseling, occupational and physical therapy will be delivered via teletherapy utilizing Google Meet.
- All remaining related services will be tallied prior to the mandated virtual or remote instruction to ensure accurate delivery of remaining related services.
- Parents will be notified in writing about the delivery of teletherapy for counseling, speech, occupational, and physical therapy.
- Less common related services, such as consultation with teachers of the deaf, and augmentative and alternative communication consultation hours, will be utilized to ensure all students have access to the curriculum.
- All teletherapy sessions will be documented and all Medicaid eligible students will continue to be logged as required.
- Student progress will be reviewed weekly by case managers by checking the online "grade book" in the student database as well as consulting with both general and special education teachers.

- Links to parent-led support activities will be provided electronically and via hard copies for each related service area.
- Related Services will be provided through Google Meet as appropriate and as required by the student's IEP, and to the greatest extent possible. Services will be provided individually or in a small group for designated services. Related Service Providers will document services offered, services provided, and student progress towards their Individual Education Plan Goals and Objectives.

#### **Communication and Follow-up with Parents of Special Education Students**

- Case managers will contact parents weekly via email, Google Classroom, phone, and Google Meet.
- All special education students will be included in these conversations, including students placed in out-of-District settings.
- District case managers will contact the out-of-District case managers to ensure all related services are being delivered and progress is monitored.
- All students who are scheduled for evaluations prior to the mandated virtual or remote instruction will be sent written notice that the evaluations will commence immediately upon the reopening of school.
- Current case manager contact information is available on the District website and case managers check District voicemail and email daily during virtual office hours.

#### **Virtual IEP Meetings, Evaluation Planning Meetings, and Identification Meetings**

- All IEP meetings will be conducted virtually via Google Meet.
- Any students who transferred into the District immediately before the mandated virtual or remote instruction will have "transfer" or 30-day IEP meetings to discuss current IEPs and develop IEPs for the remainder of the 22-23 school year.
- Initial evaluation planning meetings and reevaluation planning meetings will continue virtually through Google Meet.
- In the event testing is warranted, parents will be notified in writing that these evaluations will commence immediately upon the reopening of school.
- In the event testing is completed, identification and initial IEP meetings will be conducted virtually.

**Addressing English Language Learners (ELL) students' Needs**

- Instruction will be differentiated to meet the needs of all students (ESL/ELL, Special Education/504, At-Risk, On Grade Level, Gifted and Talented).
- ESL teachers will meet with students via google meet daily at their normally scheduled period to provide ESL instruction.
- ESL teachers will provide resources to help support remote learning in all subject areas.
- Teachers will utilize Google Meet voice-to-text closed caption translator to provide assistance and instruction in both English and students' native languages.
- All school communications will be available in multiple languages and the District webpage provides translation options.
- Resources will be provided for parents and students on ESL teacher webpages to support remote learning and help bridge the communication divide.
- ESL teachers and other support staff will assist with the translation of District correspondence related to virtual or remote instruction.

**During Remote Instruction, Classroom/Special Education teacher responsibilities****include:**

- Daily Google Meet with students to take attendance.
- Daily lessons in reading, writing, mathematics

- Check in with administrators to see if families are in need of assistance with technology
- Create "how to videos" on the different educational platforms the teachers are using and post on district website for staff, parents and students

**During Remote Instruction, Basic Skills (Title 1) teacher responsibilities include:**

- Small group instruction or 1:1 conferences with basic skills students during regularly scheduled periods
- Research websites, videos, and links for accessible activities that teachers can incorporate into lessons for struggling learners.
- Supporting families and students in accessing and participating in remote learning

**During Remote Instruction, Support staff/paraprofessionals responsibilities include:**

- Participating in whole group class meetings
- Pre-recording read-aloud and videos as directed by the teacher
- Providing real-time support during virtual sessions
- Researching websites, videos, and links for accessible activities that teachers can incorporate into lessons.
- Supporting families and students in accessing and participating in remote learning. Teacher Assistants should be added to online classes as co-teacher.
- Leading small group instruction in a virtual environment.
- Facilitating the virtual component of synchronous online interactions.
- 1:1, 2:1 and 3:1 assistants are encouraged to conduct Google Meets with students to assist in instruction.

**Other Areas of Consideration**

Accelerated Learning opportunities: Staff will continue use I-Ready personalized instruction while remote as a means of formative practices to improve students' access to and mastery of grade-level standards.

In addition, we offer the WAVE program to students for **extended learning opportunities**. In the event of school closure, these programs will be provided remotely.

Social and emotional health of students and staff:

We have SEL built in as a special area for students. We will continue to implement remotely and guidance counselors will continue counseling sessions via google meet. We also have an outside service provider, Acenda that does outside counseling for students and will continue those services via a google meet.

Acenda also provides services to staff and will continue to as well. They will continue professional development with the staff on the MTSS of support in the area of mental health. If necessary due to long closure, the professional development would be offered remotely.

After-school and extra-curricular activities, Title I evening events, community information sessions, and other in-person learning opportunities will be dependent on the status of any health emergency and associated guidelines of the CDC/NJDOH. If we can offer remotely, we will. Transportation will not be provided for these after-school events while the district is on a remote learning plan.

Our outside preschool providers will follow our remote plan for district students they service, and keep communication with the Director of Early Childhood.
